## REFERENCE

From the company "MSA - Markovi" OOD, Sandanski, 12 Maritsa Street,  
Logistics partner of "EKONT" AD.

About "SUPERTECH" Combustion Optimiser device

This reference is provided to the company "Ecocreations" EOOD, Sofia,  
official importer of "SUPERTECH" for Bulgaria, thereby certifying the positive  
assessment of our joint work.

The "SUPERTECH" device was installed on an IVECO 2018 tractor (EURO 6), in  
the month of October.

The result of 3 months of fuel consumption and emissions  
testing was as follows:

1. Fuel savings of 10-11% on average per month;
2. Reduction of harmful emissions over 60% on average monthly.

I believe that the device fulfills the requested parameters and is exceptional  
cost effective. I approve its installation on all company vehicles.
